

# MOON DOWNLIGHT WALL WASH

MOON DOWNLIGHT WALL WASH

## DESCRIPTION

MOON DOWNLIGHT WALL WASH is a compact, ceiling-recessed LED luminaire designed for natural and soft wall wash lighting. The black screen printing on half of its glass, improving visual comfort and glare control, allows for varying effects depending on the distance from the wall and the spacing between fixtures. With an external PSU and an extremely shallow recess depth, it is available in Trim and Trimless configurations, enabling seamless flush-mount installation. A built-in diffusing prismatic glass, for utmost visual comfort and optimal light distribution, is available as an option.

## MAIN FEATURES

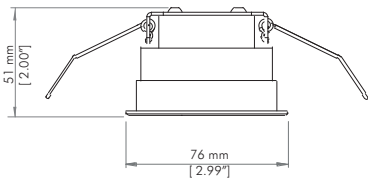

- Max. delivered lm output: 907 lm / 113 lm/W
- Max. size: Trim ø 76 mm H 51 mm / Ø 2.99" H 2"  
Trimless ø 69 mm H 51 mm / Ø 2.71" H 2"
- Control system: DALI, ON-OFF, 0-10V with remote PSU
- Compact, ceiling-recessed LED luminaire designed to deliver natural, uniform wall-wash effects with improved visual comfort and glare control
